Imagine a crossover so modern and inviting, it speaks to the importance of good company. Introducing the all-new Nissan Murano. At first glance, you notice an exterior of artfully sculpted sheet metal. But it’s more than just a stunning first impression. The premium interior welcomes you with personal, purposeful technology and a uniquely spacious feel that everyone will want to get to know. And the cabin layout is designed for a collective experience, giving you every reason to stay and talk awhile. It certainly raises questions. Like, “Do we have to get out?”

All-New Nissan Murano.

All-new Nissan Murano’s striking exterior is inspired by the age of future flight, with an aerodynamic body that appears to be shaped by the forces of wind. We created a stunning profile with the signature floating roofline that seems to hover above the cabin, rear side pillars shaped to resemble a jet tail, and sleek boomerang lights that enhance the energetic flow. And when it all glides down the road on the available luminous 20" machine-finished aluminum-alloy wheels, your style meets the street.
Seductive by design. Welcome to an interior that’s an expression of serenity. To begin with, we’ve redesigned all-new Nissan Murano’s control panel to be simpler and more intuitive, nestled like a gem in the sculpted dash. Throughout the cabin, lit by the ambient glow of adjustable mood lighting, you’ll find thoughtful chrome accents and trim accents, complementing the Beige or Black interior. Rear passengers enjoy a place to recharge their smartphone. Meanwhile, above you, the expanded panoramic moonroof stretching from front to back seems to breathe in light. An atmosphere this premium makes it easy to enjoy the journey—and might make your destination seem beside the point.
All-new Nissan Murano offers you and your passengers a chance to mingle in superior comfort. There's pleasure in the small things, like softer headrests with just the right amount of give. And in the big things, like Zero Gravity Seats, which use space-age technology to help provide continuous support from hips to back and help reduce fatigue, leading the way for more comfortable road trips. It's an elevated driving experience, for everyone on board.

WELCOME TO ALL-SEAT DRIVE

Features and specifications can change depending on market requirements. Please consult your local dealer.
Power seats. Drop the rear seats with the controls on the dash or in the rear cargo area.

The space and flexibility of the all-new Nissan Murano’s interior also comes with a seamless way to use it. Rear-seat passengers can get in and out in a snap with easier ingress and egress. In back, you can increase your cargo volume to almost to 2000 L when you collapse the 60/40 split rear seats. And the conveniently located automatic controls let you access your cargo options from the dash or rear cargo area.

Power liftgate. For simpler loading and unloading, control all-new Nissan Murano’s available power liftgate from your remote, the dashboard or a button on the hatch.

YOU’RE NOT JUST DRIVING, YOU’RE HOSTING.

In all-new Nissan Murano, you’re in a unique social space designed to let everyone effortlessly connect, so whether you’re on a quick errand or taking the scenic route, anyone you bring along can enjoy the ride. The wider center console allows everyone to mingle without leaning or straining. Meanwhile, you have enhanced visibility at the wheel, thanks to a higher driver’s position and slimmer side pillars that give way to larger windows. And with meaningful technology within arm’s reach of any seat, all-new Nissan Murano makes every drive an all-inclusive trip.

Premium Audio System with 10 speakers and Bose® subwoofer with a 7” color screen and AM / FM / CD / MP3 / AUX / USB / Bluetooth® audio streaming / iPod® Ready, steering wheel controls and audio sensitive to speed.

Dual Zone air conditioning and rear ducts for the second row seats.

Communication Alley. A wide center console opens the way for all passengers to feel engaged.

USB Port so the rear passengers can charge their smartphones and listen to their music.

Features and specifications can change depending on market requirements. Please consult your local dealer.
Power, courtesy of a 3.5-L V6 engine. All-new Nissan Murano’s 260-horsepower 3.5-liter V6 engine keeps you ahead of the pack when you need to be. An efficient fuel economy keeps it practical. Of course, it doesn’t hurt to have aerodynamics that achieve a drag coefficient of 0.31 – comparable to some sports cars.

Efficiency, brought to you by the Next-Generation Xtronic CVT® transmission. Unlike conventional automatic transmissions, the “virtually gearless” Xtronic CVT® transmission makes gear-hunting a thing of the past.
Intuitive All-Wheel Drive. Just because the terrain varies doesn’t mean the evenness of your ride has to. The second you pull away, all-new Nissan Murano’s available intuitive AWD turns on, delivering power to both front and rear wheels for improved grip. Once you’re up to speed, no sense powering all four wheels; so all-new Nissan Murano efficiently sends the power all up front. Then, for enhanced cornering control and traction, intuitive AWD compensates by transferring some of that power from the front wheels to the rear. Because as conditions change, it’s important to feel connected to the road.

CONTROL THAT DOESN’T MISS A BEAT.
RIGHT ON THE NOSE
In Drive, the display gives you both a front and overhead view, so you know just how far to pull up—without going too far.

SAFETY IN REVERSE
In Reverse, the display helps you see what’s directly behind you, while the overhead view helps with smaller objects that might be hidden below your window.

SPARE YOUR WHEELS
In Drive or Reverse, you can push the camera button to switch out the overhead for a side view. A great help for seeing how close you are to the curb.

COMPLETE THE PICTURE
Located under your driver’s side mirror, this camera helps round out your virtual 360° bird’s-eye view, whether you’re in Drive or Reverse.

NISSAN INTELLIGENT AROUND VIEW MONITOR
IF YOU WANT PARKING ANY EASIER, YOU’LL HAVE TO VALET
What if parallel parking was easier? A rearview camera is great when backing up—but when it comes to parking, it’s nice to see more than just what’s directly behind you. That’s why all-new Nissan Murano’s Class-Exclusive Around View Monitor uses four cameras that give you a virtual 360° bird’s-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look. And since all obstacles aren’t stationary, Moving Object Detection helps keep an eye around your vehicle, and can warn you about moving objects detected in your vicinity.

NISSAN INTELLIGENT DRIVING®
INNOVATION THAT LOOKS OUT FOR YOU

Nissan Safety Shield® is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

All-new Nissan Murano protects you even when a collision is unavoidable. Nissan’s Zone Body Construction helps absorb the impact while the advanced seat belt and airbag systems help protect passengers.

Nissan Airbag system:
• Front airbags
• Driver Knee Airbag
• Front side - impact airbags
• Curtain side - impact airbags

LATCH System (Lower Anchors and Tethers for Children)
• Anti-lock Braking System (ABS) helps you maintain steering control around obstacles while braking heavily.
• Electronic Brake Distribution (EBD) sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.
• Brake Assist (BA) helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

Traction Control System (TCS) helps reduce wheelspin in low traction situations.

Vehicle Dynamic Control (VDC) helps you maintain your steered path.

NISSAN INTELLIGENT MOVILITY

MONITOR
Smart technologies are designed to help monitor conditions. Like a warning to let you know you’re straying from your lane, or a system that helps ensure you’re travelling on properly inflated tires.

Available Features
Blind Spot Warning (BSW)
Rear Cross Traffic Alert (RCTA)
Moving Object Detection (MOD)
Around View Monitor

Features and specifications can change depending on market requirements. Please consult your local dealer.
