Ready to make every day simply amazing? After covering over 2 billion miles as the UK’s Leader in Electric Vehicles, the all-new Nissan LEAF is taking things to the next level, with a whole new look and exciting new technology. It still has zero exhaust emissions and is an exciting new way to drive, where the everyday is exhilarating.
Go Everywhere
No congestion charge and parking benefits mean that no zone is off limits.

Go Further with the all-new 40kWh battery giving 235 miles* autonomy
With this extended range, the road is stretching out in front of you.

Go with everything you need
5 seats, 435 litres of boot space, e-Pedal (the world's first true one-pedal vehicle operation), instant torque, and Nissan ProPILOT. LEAF is a car like no other.

Go with style and efficiency
LEAF reveals a bold, sleek new look; sharp lines, a dynamic front end and a signature floating roof. It features a rear spoiler, a sleeker bonnet seam, crisp cut corners with aero fins as well as aero design wheels, all of which contribute to improved aerodynamics.

*NEDC (New European Driving Cycle)
**Pending final homologation
NISSAN INTELLIGENT MOBILITY

With Nissan Intelligent Mobility, your LEAF has never been more intuitive. See more around you, sense more, and do everything with more confidence. This is what driving was always supposed to be.

for an experience like no other. Enjoy a new way of driving that pushes all the right buttons.

Prepare your senses

Exhilarating driving at the push of e-Pedal

It’s a completely new way to drive, and a whole lot of fun. Imagine having the option to drive with one pedal. With the flip of a switch, you can easily switch from two pedals to one. Just press down for instant acceleration and ease off to slow down. You can even hold the vehicle on a hill without ever touching the brake.

**e-Pedal**

Speed up, slow down and brake with just the accelerator pedal, making for a smoother drive.

Of course, e-Pedal is more than just a thrilling new way to drive. It also helps reduce fatigue, so you can enjoy every second behind the wheel.
So smart it can step in when you need it most

You may not even know why traffic suddenly slows down. But Intelligent Emergency Braking with Pedestrian Detection is keeping an eye out and is ready to apply the brakes. Of course, that's not the only way LEAF can step in to help keep you out of trouble.

ProPILOT: set your speed & then remain centered in the lane, ProPILOT maintains your speed and keeps your distance, it can even bring you to a complete stop.

Intelligent Cruise Control: watches the flow of traffic to maintain your speed, but at the same time, responds to traffic changes around you to maintain your chosen distance from the car in front.

Intelligent Lane Intervention: helps keep you where you want to be. It applies the brakes to gently guide you back if it detects that you’re unintentionally straying out of your lane for too long.

Intelligent Auto Headlights with full LED: Your headlamps light your way by automatically turning on when it gets dark and then dip temporarily when an oncoming vehicle is detected.
With an innovative charging system, it's never been easier to get moving. And with a newly enhanced app that gives you access to your vehicle, getting a head start is just a tap away.

SEAMLESS MOBILE INTEGRATION
Apple CarPlay™ and Android Auto™ are the safer, smarter ways to enjoy the things you love on your phone. Access music, maps, make calls, send and receive messages – all hands-free. Just connect your phone and go.

YOUR MUSIC. YOUR WAY. Use Bluetooth streaming audio or the USB input to play music directly from your smartphone.

** Apple CarPlay is a trademark of Apple Inc. Apple CarPlay device requirements: any iPhone 5 or later Lightning connector and iOS 8.3 or later and needs to be connected via USB. Apple Carplay availability depending on market.

*** Android Auto is designed to work with Android phones running 5.0 (Lollipop) or higher and needs to be connected via USB. Android Auto availability depending on market.
Enjoy your electric experience with the all-new LEAF before anyone else with LEAF 2.ZERO. High tech and low impact, it comes complete with Nissan’s intelligent ProPILOT technologies to protect the driver and support you on the road.
OUR PROMISE. YOUR EXPERIENCE.

When you purchase a LEAF from us, we’ll look after you – for as long as you own it. That is our Promise.

**BATTERY QUALITY GUARANTEE**
YOU want the reassurance of a functional battery.

**NISSAN PROMISE** to replace any part of the battery causing capacity loss of below 9 bars (out of 12) within your LEAF’s warranty period.

**CONTINUOUS EV ROADSIDE ASSISTANCE**
YOU want the peace of mind you get from our quality service to go even further.

**NISSAN PROMISE** to provide you with EV Roadside Assistance for free every time you service your car with us.

**USE OF PETROL OR DIESEL CAR**
YOU want to make extra-long journeys in your car.

**NISSAN PROMISE** to lend you a petrol or diesel car, free of charge, for up to 14 days during the first three years.

**HERE FOR YOU**
YOU want your problems resolved quickly.

**NISSAN PROMISE** to propose a resolution to any problem within two working days.

Just call 0330 123 1231.

*Refer to owner’s manual for usage instructions.
NISSAN INTELLIGENT MOBILITY

Nissan Intelligent Mobility guides everything we do. We’re using new technologies to transform cars from mere driving machines into partners. Together the journey is more confident, connected, and exciting. Whether it’s cars that share the task of driving with you, or highways that charge your EV as you go along, it’s all in the very near future. And it’s a future already taking shape in the Nissan you drive today.
