WHAT IF
FOLLOWING THE MAP ISN'T YOUR STYLE?
You'd need a vehicle that's as open to adventure as you are. With the capability to take you where you want to go, and the comfort and technology to make the trip back just as much fun. So load up and let's go. We're ready. The Nissan X-Trail.
Sit back and enjoy tasteful touches like a Power Opening Panoramic Roof, double stitched leather interior, LED interior lighting and gloss black trim with metallic accents. All to create a stunning view – wherever you look.
Sit back and enjoy tasteful touches like a Power Opening Panoramic Roof, double stitched leather interior, LED interior lighting and gloss black trim with metallic accents. All to create a stunning view – wherever you look.
Comfortable zero-gravity inspired seats with spinal support – With your comfort in mind, Nissan engineers have designed an articulated driver’s seat that supports you from the pelvis to the chest, along with seat cushions that flex in response to your unique pressure points.

Power Opening Panoramic Roof – Enjoy a panoramic view from the Nissan X-Trail’s Power Opening Panoramic Roof that stretches the length of the vehicle.

Heated and Cooled Cupholders – Help to keep your drinks at a temperature you prefer.

Quick Heated Front Seats – Specifically target key areas of the body to heat them in sequence, ensuring you warm up as quickly as possible.
SLIDE, GLIDE AND SWING WIDE.

A smarter 2nd row. This 2nd row is truly first class, thanks to X-Trail’s flexible seating system. The 60/40 split seat slides forward for easy access and adjusts to give you a little more cargo space, more leg room or anywhere in between. The seats also recline, when it’s time to just relax.

Optional 3rd row. X-Trail’s 50/50 split folding 3rd-row seats gives you added flexibility carrying 2 extra passengers and their gear, or folds down to make a flat cargo floor for maximum carrying space.

Power Tailgate and Rear 77° Wide Opening Doors. X-Trail gives you easy access with rear doors that swing out nearly 80°, and a power* tailgate that opens by a tap of a button on the boot, your Nissan Intelligent Key or a switch mounted by the driver.

KEEP AN OPEN HATCH AND AN OPEN MIND.

Room for craft and crew, with room for an object around 2.6 metres long. X-Trail gives you possibilities you never knew you had. And with a clever 40/60 folding seat, there's plenty of room to bring friends along too.

1,982 LITRES

You, a passenger and lots of cargo.

550 LITRES

Five of you and your gear.

Luggage Board System.

Nissan X-Trail comes equipped with an innovative Luggage Board System which enables you to adjust shelves and dividers to give you a variety of configurations - it's so easy, you can do it with one hand.

A. A long, flat floor with under-floor storage for those big items and the ones you want to hide.

B. Lower your floor for added height to fit those tall items.

C. Create a hidden compartment that keeps valuables out of sight, with a handy shelf on top.

D. Make an open space for storage underneath, and a handy shelf to keep other items separate and within easy reach.

FEEL THE FORCE.

Haul the boat, tow the caravan, pull the trailer to the top - and get there first. Equipped with a 2.0dci turbo diesel engine and 4WD XTRONIC CVT (Continuously Variable Transmission) this Nissan X-TRAIL can move mountains. Make the most of all that power and torque to take your family adventures further, faster.

4WD XTRONIC CVT

The XTRONIC CVT (continuously variable transmission) box expands the low to high gear ratio to deliver a final gear reduction ratio of about 6. One of the widest gear ratio spreads in the world for a CVT designed for a 2.0 litre engine, it offers high precision control and outstanding acceleration as well as fuel economy.

2.0-LITRE HP DIESEL ENGINE

The 2.0dCi is a four-cylinder diesel engine with a cast-iron block, a double overhead camshaft, 16-valve layout and a bushes timing chain. Producing 177PS (130KW) and an impressive 380NM of torque, the 2.0dci version takes you from 1-100km/h in 9.4 seconds – even with a payload of 520-648.
GET A LITTLE DIRTY – WITH A CLEAN CONSCIENCE.

What if you got excellent fuel economy in a roomy SUV that’s lots of fun to drive? With X-Trail, we got there by developing everything from exterior aerodynamics that whisper through the wind, to advanced engines and a virtually gearless Xtronic transmission that maximizes efficiency and performance.

Power to go. Posing the Nissan X-Trail is an advanced dCi 130 engine tuned to provide the performance of larger diesel powerplants, while offering enhanced fuel economy and lower CO₂ emissions. X-Trails with new dCi 177 diesel engines give you even more choice, with sharp performance that can sprint from 0-62mph in 9.4 seconds (with a top speed of 126mph). Both engines also feature Nissan’s Automatic Start/Stop, which shuts down the engine when it’s not needed – at traffic lights, for example – to save fuel, then smoothly and quickly restarts as you pull away.

*Tentative pending final homologation

XTronic (Continuously Variable Transmission), in the newest version of our Xtronic, friction is reduced by up to 40% and the ratio coverage is increased to greater than that of some 8-speed automatics. A new Eco mode improves fuel economy at the touch of a button. All this, and performance so smooth, it’s like riding a continuous wave of power.

WHAT IF
YOUR CAR KNEW WHEN
YOU WERE CORNERING?

And how to react to your commands? That’s the kind of intuitive response we’ve engineered into every X-Trail, so you can enter any situation with more confidence.

Intuitive 4WD. With X-Trail’s optional All-Mode 4x4-i, you’ve got a system that’s capable on-road and off. You can choose full-time 2WD for maximum efficiency. Auto Mode constantly monitors conditions and adjusts the balance of power between front and rear wheels for best traction. Challenging conditions? 4WD Lock Mode is your choice.

Active Engine Brake. Whether you’re slowing for a corner or coming to a stop, this system uses the Xtronic transmission to apply engine braking - much like shifting to a lower gear in traditional transmissions - to help give smoother deceleration and a more confident feel when braking.

Active Trace Control. This innovative technology helps improve control when you take a corner. It reads the cornering situation and, if needed, can brake each wheel individually to help you steer through the turn with confidence.

Active Ride Control. X-Trail can automatically apply braking and adjust engine torque after you hit a bump to smooth out your ride.

Hill Start Assist. Helps prevent rollback when starting and driving away on an incline.
NISSAN ADVANCED DRIVE-ASSIST DISPLAY

INNOVATION THAT'S RIGHT IN FRONT OF YOU.

With so much going on around you, it's easy to lose sight of what's most important: driving. From turn-by-turn directions to caller ID, the Advanced Drive-Assist Display serves up information conveniently within your eye line, helping to minimise time looking away.
NISSAN CONNECT™

INNOVATION THAT KEEPS YOUR WORLD WITHIN REACH

SMART AND FUNCTIONAL. NissanConnect is incredibly easy to use thanks to the high resolution 7” anti-glare touchscreen. It comes equipped with a rich range of features including audio, navigation and communication functions as well as cutting edge connectivity and smartphone integration features.

CONNECTED WHEREVER YOU GO. NissanConnect offers Smartphone integration. Enjoy an ever evolving list of applications* from the comfort of your Nissan’s display screen, all tailored to enhance your overall driving experience in a safe way.

INTELLIGENT DRIVER ASSISTANCE and navigation functions support you in all kinds of traffic situations with motorway exit views, lane guidance and dynamic re-routing.

STREAMING AUDIO VIA BLUETOOTH®. Enjoy digital radio, Over The Air internet radio, or stream music from your mobile phone.

IPOD/ USB INPUT. Plug in your iPod or MP3 player to access your entire music library while you’re on the road.

Parking the Nissan X-Trail is as easy as driving its intelligent Park Assist. It measures the available space to make sure there's enough room. What's more, in Auto Mode, X-Trail does the steering manoeuvres for you to slide effortlessly into place.

On-screen controls let you tell the system how you want to park. For other parking situations, on-screen controls help you choose your desired space, and then steer you in.

INTELLIGENT AROUND VIEW MONITOR
IT'S GOT YOUR BACK, AND THE REST OF YOU, TOO.

What if parallel parking was easier? A rear view is great when backing up – but when it comes to parking, it's nice to see more than just what's behind you. That's why X-Trail offers an Intelligent Around View Monitor. Four cameras give you a virtual 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and kerb-side views, so you can get a better look. And since all obstacles aren't stationary, Moving Object Detection keeps an eye around your X-Trail and can warn you about moving objects detected in your vicinity.
NISSAN SAFETY SHIELD PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

Keeping an eye out. Smart technologies help monitor your vehicle’s systems and surroundings. Like a warning when you’re straying from your lane, or a system that helps ensure you’re travelling on correctly inflated tyres.

**Tyre Pressure Monitoring System.** Alerts you when tyre pressure is low in any wheel.

**Driver Attention Alert.** Your X-Trail monitors your driving, and if it senses that you may be fatigued, drowsy, or distracted, an audible warning will sound and an alert will appear on the Advanced Drive Assist-Display.

**Traffic Sign Recognition.** X-Trail employs an advanced system that can actually read road signs, including speed limits and other advisories, providing you with the information on the Advanced Drive Assist-Display.

**High-Beam Assist.** If you’re driving with the high beams on and the system detects oncoming traffic, it will automatically turn the high beams off. Once traffic passes, the system will turn the high beams back on.

Helping you respond. When you need to hit the brakes hard or suddenly manoeuvre around an obstacle, these standard technologies help you respond to a potentially harmful situation.

**Vehicle Dynamic Control** helps you maintain your steered path.

**Anti-lock Braking System** helps you maintain steering control around obstacles when braking heavily.

**Brake Assist** helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

Helping protect you. When a collision is unavoidable, Nissan’s Zone Body Construction helps absorb the impact while the advanced seat belt and air bag systems help protect passengers.

NISSAN SAFETY SHIELD TECHNOLOGIES
GET AWAY WITH JUST A WARNING.

Discover a drive that's alive with technologies, using cameras and sensors the Nissan X-Trail delivers 8 different safety systems which work together to build your confidence and keep you on top of your surroundings at all times.

Forward Emergency Braking**: Depending on speed and situation, Nissan's Forward Emergency Braking system may, in certain circumstances reduce the impact of a collision by automatically activating the brakes if you get too close to the vehicle in front of you.

Blind Spot Warning*: If another vehicle is detected in your blind spot area, a warning light appears in the driver's or front passenger's doors and on the Advanced Drive-Assist Display. Put your indicator on, and the warning light will flash and you'll also hear an audible alert.

Lane Departure Warning**: If X-Trail detects that you're straying from your lane, the Lane Departure Warning system will give both a visual and audible alert. The system is so smart, it's designed to stop the warning when your indicator is on.

Moving Object Detection*: When the Around View Monitor is in use and detects something moving by the vehicle, it gives a visual and audible alert.

* g/km = grammes of CO₂ per kilometre travelled.

All Light Commercial Vehicles will have a standard VED rate of £230 per annum.

**VAT and VED**

VAT application is based on current HMRC guidelines, please check with HMRC for specific guidance for the vehicle you are purchasing.

VED is determined by the DVLA, please check with the DVLA for specific guidance for the vehicle you are purchasing.

**Optional equipment.** This price list features a selection from the full range of optional equipment, be they standard, dealer fit or factory options.

For further information and details of the full range, please contact your local Authorised Nissan Dealer.

**Nissan’s commitment to you includes all of the following benefits – some of which may be the reasons why you chose your new Nissan in the first place:**

**Manufacturer’s warranty** – Nissan’s comprehensive warranty provides cover for your new Nissan from defects in materials or workmanship. Your vehicle is covered in all European Countries where Authorised Nissan Dealers are located. If your vehicle becomes inoperative due to a warrantable defect a towing service, when necessary, to the Authorised Nissan Dealer is covered. If a warrantable defect abroad takes more than six hours to repair, the Touring Assistance Programme will pay for a hotel room or rental car up to a certain maximum. The paint warranty covers painted body parts (excluding the underbody) for three years regardless of mileage driven. For further details please contact your local Authorised Nissan Dealer.

**X-Trail**

- Petrol and diesel engine cars - Three-year/60,000 miles.
- Petrol and diesel engine LCVs and Navara - Five-year/100,000 miles.

**LEAF and e-NV200**

- Nissan LEAF and e-NV200 offer a 5-year / 60,000 mile warranty on all EV dedicated components, including the lithium-ion battery, and a 3-year / 60,000 mile warranty on standard components. This is with the expression of e-NV200 which offers a 5-year / 60,000 mile warranty on mechanical components and corrosion*. The Nissan LEAF and e-NV200 lithium-ion battery state of health guarantee protects against battery capacity loss (less than 9 bars out of 12) as shown on LEAF and e-NV200’s capacity gauge for a period of 5 years / 60,000 miles. For LEAF and e-NV200 flex customers, the battery state of health guarantee applies for the duration of the battery lease.

*The Basic Vehicle Warranty for e-NV200, according to 3.1 of the Warranty Booklet and Maintenance Record, is extended to 5 years (from the warranty start date) / 60,000 miles (whichever comes first). Only vehicles registered on or after 1st November 2016 are eligible for the Extended Warranty. Body parts and paint excluded during year four and year five. Terms and exclusions apply, for further information please see Extended Warranty Terms and Conditions. Apart from the afore-mentioned, all warranty conditions included in the Warranty Booklet and Maintenance Record remain unchanged. Issuer of this Extended Warranty is Nissan International Insurance Ltd.
Nissan European Roadside Assistance is provided for the period of your new vehicle manufacturer warranty.

Roadside, Recovery and At Home products are provided by RAC Motoring Services (Registered No. 1424399, Registered Office: 8 Surrey Street, Norwich, NRI 3NG).
