SUAVE AND CLEVER. JUST LIKE YOU.

Image and innovation are the X-Trail's territory. With its robust and muscular design accentuated by its signature LED daytime running lights and boomerang-shaped taillights, the X-Trail exudes confidence. Its good looks can only be matched by its intelligent technologies. Finally, a compact SUV that reflects the kind of driver you are.

COMPACT ON THE OUTSIDE, COLOSSAL ON THE INSIDE.

Boasting the longest wheelbase in its category, the X-Trail challenges the way you see space. Its versatile trunk and adaptive seating configuration gives you the ability to seat up to seven (7). A compact SUV has never been this big.

A detailed view of the interior of a Nissan X-Trail. The image shows the driver's perspective, including the steering wheel with the Nissan logo, the instrument cluster with a digital display showing 5.07 mi and 27°C, and the center console with a large infotainment screen displaying a 360-degree bird's-eye view of the vehicle. The interior is finished with black leather and silver accents.

VISION THAT'S SHARP AS AN EAGLE'S.

You can now see things from a totally new perspective with the X-Trail.

Its Around View Monitor* gives you a 360° bird's eye view of the vehicle, so parking becomes child's play.

It also has Advanced Drive-Assist Display available across the range. This gives you vital information through the instrument panel with just a press of a button on your steering controls.

Now, you can focus completely on the road ahead.

*Only available in 4x4 variant

FOUR TIMES THE POWER AND CONTROL.

The X-Trail is more than just a 4x4. It's equipped with All Mode 4x4-i technology that lets you choose and adapt to any road. Built with technologies yet to be matched by others such as Active Trace Control, Active Ride Control and Active Engine Brake, along with Hill-Start Assist and Hill-Descent Control*, you'll always have a smooth, comfortable, and stress-free drive. The X-Trail not only lets you tackle the challenges ahead, it ensures that you take them on with pure confidence.

*Only available in 4x4 variant

ROBUST DESIGN. Designed to fit any lifestyle, the X-Trail's curvaceous yet muscular design stands out no matter where you are. Whether you're in the busy city streets or toughening it out off-road, you're sure to turn heads when you're driving something as sleek and dynamic as the X-Trail.

DUAL CLIMATE CONTROL.

Keep cool and comfortable with the Dual Climate Control System of the X-Trail. It lets you and the front passenger adjust the temperature to two different settings. And with adjustable rear air-con vents, your passengers will surely enjoy the ride.

SPACIOUS CABIN.

With a configurable 40:20:40 second row split and a 50:50 third row split, the size of the X-Trail makes it seem like it's in a class of its own. It provides plenty of room for you and your passengers as you go on new adventures.

CARGO SPACE.

With one of the largest cargo spaces in its category, the X-Trail has collapsible seats that give you unmatched interior configurability. Its capacity is something you wouldn't expect from a compact SUV. Now you can conquer the road knowing that you'll never have to worry about space again.
