PLAY IT bold and play it smart. With its audacious design, customisable style inside and out, the all-new Nissan MICRA lets you have it YOUR WAY.
ALL-NEW NISSAN MICRA
DESIGNED TO RAISE EXPECTATIONS.

The all-new Nissan MICRA arrives to challenge the small car standards in design, comfort and performance. With its unique blend of expressive yet premium design inside-out, standard features and agile driving characteristics, the Nissan MICRA will turn everything you know on its head. The MICRA revolution has begun.
BRIM WITH CONFIDENCE.

Conceived, designed and engineered to stand out. Featuring a sculpted body with strong and sharp character lines visible from every angle, the all-new Nissan MICRA delivers an athletic and poised stance that’s hard to ignore. But it’s not just great to look at, the new MICRA has a drag coefficient of just 0.3Cd to maximise fuel efficiency.
ENGINEERED TO AMPLIFY YOUR COMFORT.

Nissan’s brand promise – innovation that Excites – is evident in every part of the all-new Nissan MICRA. With an optimised driving position, ergonomic anti-fatigue seats, convenient access to commands, and maximised noise insulation, the Nissan MICRA brims with confidence.
SPACE TO SHARE AND SPARE.

The all-new Nissan MICRA is designed for living life to the full. So don’t hesitate to invite your friends along for the ride. The lowered seating position for driver and front passenger mean there’s exceptional headroom for taller occupants and it also offers rear passengers with top class shoulder and knee room with plenty space for luggage.
Acenta Plus shown.

CONNECTIVITY TO CUSTOMISE YOUR JOURNEY.

Standard with the all-new Nissan MICRA’s Display Audio, Apple CarPlay is a smarter, safer way to use your iPhone while driving. Just plug in to map your route, make a call, send and receive messages and access your favourite music and apps on your 7” colour display – all with your eyes on the road.

NSISSAN ADVANCED DRIVE ASSIST DISPLAY

Designed to reduce distractions and make the most of your journey, the Nissan MICRA’s high-definition 5” TFT Advanced Drive-Assist Display brings you all the information you need.

EASY CALLS. Open your phone on your display screen and find all your contacts, calls and voicemails directly in front of you. Nothing could be simpler.

VOICE CONTROL. Activate Siri by pressing and holding the voice control button on the steering wheel: it makes keeping in touch even easier – and safer.

PLAY YOUR MUSIC. Find all your tunes at your fingertips – or just tell Siri what you’d like to hear. Link to your music library, podcasts or digital radio or access your entertainment via your favourite apps.

NISSAN INTELLIGENT MOBILITY
DRIVE WITH AGILITY AND CONFIDENCE.

Whether it’s darting through traffic or out on the open road, the all-new Nissan MICRA is an exceptional car to drive. The efficient 66kW Turbo Petrol engine gives you instant acceleration with dynamic performance that is the perfect balance between agility and excitement.
NISSAN SAFETY SHIELD PHILOSOPHY

SURROUND YOURSELF WITH CONFIDENCE.

Nissan Safety Shield technologies are a comprehensive approach to safety that guides the engineering and development of every vehicle Nissan makes. Helping to protect you and your passengers should an accident occur. Play it BOLD and play it SMART.

A HELPING HAND

Even when a risk has not appeared, Nissan technologies make it easier for the driver to maintain safe driving conditions. Some of these innovations reduce the driver’s burden, while others enhance visibility and awareness of the immediate surroundings.

RECOVER FROM DANGEROUS CONDITIONS TO SAFE DRIVING

When a risk appears, warnings and automatic countermeasures help the driver avoid it.

MINIMISE DAMAGE WHEN A COLLISION IS UNAVOIDABLE

In cases when an accident cannot be avoided, additional Nissan technology helps reduce injuries and damage by activating the brakes, restraining passengers, and applying other measures.

FOREWARNED IS FOREARMED

Halogen headlights ensure excellent visibility for increased open-road safety, allowing you to see what’s ahead better than ever before.

SAFETY SHIELD

NISSAN ANTI-LOCK BRAKING SYSTEM (ABS): ABS prevents the wheels from locking under hard braking, allowing you to stop quicker and at the same time steer around obstacles.

ELECTRONIC BRAKE-FORCE DISTRIBUTION (EBD): EBD automatically sends extra force to the rear brakes when it detects there’s additional weight in the back.

VEHICLE DYNAMIC CONTROL (VDC): VDC monitors your steering, braking and the vehicle’s stability and, if needed, will reduce engine output and apply brake pressure to specific wheels in order to keep you on your intended path.

HILL START ASSIST (HSA): Holds the vehicle when stationary – without the driver needing to keep a foot on the brake or apply the parking brake.

NISSAN MICRA

Airbags: SRS (Supplemental Restraint System) driver, passenger, side and curtain airbags deploy automatically in the event of severe frontal impact, reducing the risk of injury.

ZONE BODY: High strength body consists of a safety zone (high strength cabin) and crush zones (impact absorbing body).

ISOFIX: Child seat anchorage points, together with 3-point ELR seatbelts for all passengers, ensure the all-new Nissan MICRA keeps everyone firmly in the safety zone.

**Nissan’s commitment to the environment**

Nissan’s environmental philosophy embraces people, vehicles and nature. In the pursuit of a sustainable mobile society, the Nissan Green Program aims to reduce the environmental impact of Nissan vehicles at every stage of the vehicle life cycle, while corporate activities address environmental challenges.

---

**Nissan’s commitment to quality:** To provide all customers with a sufficiently high level of satisfaction with all products and services, Nissan has established a quality assurance system that focuses on systems and processes. The system is based on the concept of “zero defect” in our business, and involves multiple layers of checks and balances. In addition, a strong team of corporate quality assurance promotes a constant improvement in quality, enhancing customer satisfaction and exceeding customer expectations.

NISSAN INTELLIGENT MOBILITY

Nissan Intelligent Mobility guides everything we do. We’re using new technologies to transform cars from mere driving machines into partners. Together the journey is more confident, connected, and exciting. Whether it’s cars that share the task of driving with you, or highways that change your EV as you go along. It’s all in the very near future. And it’s a future already taking shape in the Nissan you drive today.
